

## **STATEMENT OF PURPOSE**

### **RS22799**

Idaho law does not allow a distributor of beer and wine to extend credit to a beer and wine retailer- such as a grocery store or restaurant- for the wholesale purchase of such products. Consequently, retailers are required by law to immediately pay the distributor the full wholesale price of beer and wine upon its delivery to a retailer. This legislation would delete this requirement from the Idaho Code and accordingly allow a distributor to offer credit terms to a retailer.

### **FISCAL NOTE**

No fiscal impact.
